Project Graduation's mission is to provide a safe, supervised, alcohol- and drug-free celebration for each graduating class.

## Why should you care?

High school graduation is an important milestone in a teen's life. It's a celebration of their accomplishments and proof that they are stronger than the challenges and stresses they faced along the way.

Your support shows these seniors that their accomplishments are important, that they can have fun celebrating in a safe manner and that their community cares about them. What a great message and example to give these young adults as they set out to take on the world!

Project Graduation needs the support of all parents (not just parents of seniors), friends, Lawrence community members and local businesses to be successful. Project Graduation is an all-volunteer organization and does not receive financial support from Lawrence Township Public Schools.
